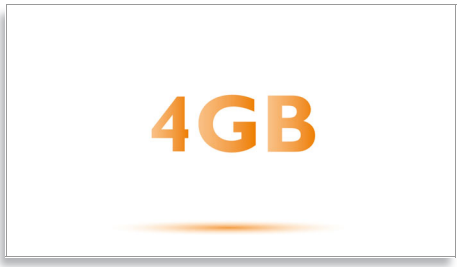
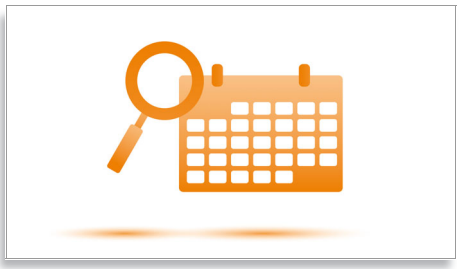
Highlights

4 GB memory built-in



With the 4 GB of built-in memory, your Voice Tracer is able to capture up to 44 days of continuous recording.

Calendar search



With the calendar search feature, finding captured recordings is as easy and convenient as never before. Every recording receives a time stamp, and can be looked up by simply entering the date of recording.

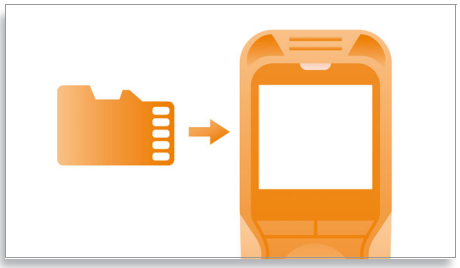
Integrated fold-out stand

With the integrated fold-out stand on the back of the Voice Tracer, you can conveniently position your voice recorder towards the sound source.

Metal microphone grille

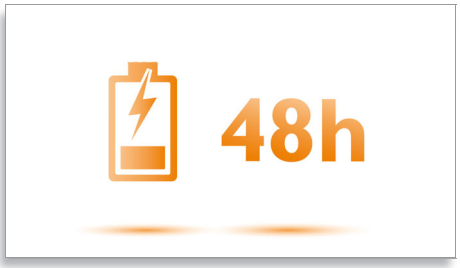
A well-engineered microphone grille is able to make a good microphone stand out even more. The grille built into the new Voice Tracers guarantees crystal clear recordings.

Micro SD memory card slot



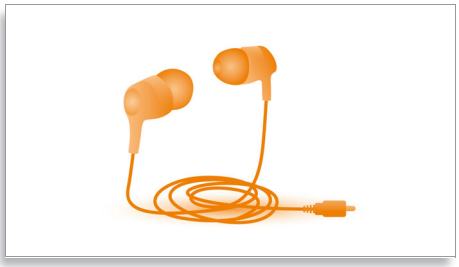
Virtually unlimited recording capacity thanks to a micro SD memory card slot supporting up to 32 GB of additional memory.

Extra long battery runtime



The batteries of the new Voice Tracers last for up to 48 hours for extra long recording sessions.

Premium headphones included

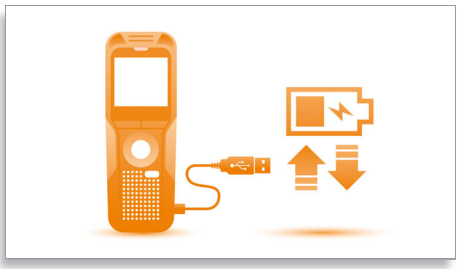


The included Premium headphones are the perfect companion for your Voice Tracer. The in-ear design delivers a superior bass response, crisp highs and a great balance.

Prerecording

The prerecording function allows you to record sound sources from approximately three seconds prior to pressing the record button.

Rechargeable batteries



The new Voice Tracers come with rechargeable batteries for more than 50 hours of continuous recording. Additionally, you can help protect the environment by simply recharging the batteries of your device using USB instead of buying new batteries.
